## **Bethlehem College Speech Contest**

The speeches at the recently held 2010 contest, sponsored by Harris Tate, were again of high standard. Winners were: Junior – Vandhna Bhan, Middle – Luke Fisher, and Senior – Daniella Schroder. Congratulations to all finalists and winners; thanks to Harris Tate for their continued support.

## **Foundation Sports Project**

The major task of delivering the Project Prospectus to all families and informing them on what the project is and how they can play a part continues, with some 40% of families now having received this. Responses are starting to come in and we will soon be contacting those who have received the brochures to-date to gain your commitments. Work on the first element, the Rugby clubrooms has been delayed by Tauranga City Council consent but we hope to resolve their issues before log. Funding towards coaching and sport development for 2010 have already been advised to the Sports Clubs.
